Missionaries to the people in Korea
and Beyond

A look back at
January-March 2022

Greetings...

Where to start...life has been an incredible whirlwind of uncertainty. We came back for Abigail and Caleb's wedding with sure intent to quickly return to Korea. As noted in our last update much of this was hindered and we found ourselves temporarily in Korea again... then back in the States.

The Lord continued to reassure us through His Word (Acts 1) that we were to wait here in America. Over these past months we have traveled around 11,000 miles and in 23 states. We have had so many opportunities to share the gospel it is hard to keep track. We have had more liberty than ever as so many are really seeking answers after these crazy couple of years.

Kristin, Vivian, Jonah and Jesse will need to stay back this time as Joshua and I will be returning to Korea in late May.

The church plant there has been turned over completely, thus we will be returning with a "survey trip" mentality as we have done before. Open to whatever the Lord has. These are always exciting days!!

Please pray with us as we discern what is next. The song "Count your blessings" has been a theme for quite some time for us. It says "Count your blessings, name them one by one, count your many blessings... See what God hath done". As we look back at our 17 years of full-time ministry... We are truly seeing what the Lord has done. This is making our next decision quite easy as we just continue to step forward in faith.

Prayer Requests

- Abigail (Caleb), Joseph Jr. and Jonathan as they seek the Lord's will for service.
- Clear ministry direction in these uncertain days
- Vivian as she will not be able to return to Korea (big decisions)
- Provision for travel needs (many added expenses)

Praises

- A place to stay and a car to drive while back in America unplanned
- Many opportunities to share God's Word here in America

1. Great time in California at a Filipino Church.
2. \$9.00 a gallon... traveling has sure gotten expensive.
3. You can even find ministry in the desert.
4. The green is the percentage of Koreans dispersed in America. Estimated at 1.83 million
