

An Update from ...  
**The Lemon  
Family**

Missionaries to the “strangers  
scattered throughout”  
Korea and Beyond

A look back at  
January-March 2023

**Thank You!!** First of all, I'd like to thank those who read our letters and communicate with us. In these days of reels, video clips, and quick posts; “long” letter style communication is becoming hard to navigate.

So... again we do very much appreciate the correspondence, prayer for our ministry and family, and the giving of your resources to sustain, encourage and strengthen us.

This first part of 2023 has been a time of very much seeking for God's wisdom as to how to maximize our effort and be as efficient as possible. We are not super old and out of touch, but we certainly recognize that our effective service for God does have a **“best if used by date.”**

**In Korea** we have been saturating different areas with the gospel...trying to filter out the few that want more truth. I'd imagine our family has put out nearly 10,000 John/Romans and church invitations recently. There's more opportunity than time and effort afford...**we sincerely ask for prayer concerning what NOT to do.**

### Prayer Requests

- Our children as they seek the Lord's will for service.
- Jonathan and Vivian in college
- Clear ministry direction in these transitional days
- House repair needs (very expensive)
- Dental and VA health needs
- Provision for past travel needs (many added expenses)

### **Our BEYOND Ministry, Reaching the Strangers Scattered...**

**Asia Specific...** We have for years, had opportunity to expand our outreach by travel...recently we have been primarily data gathering as some areas have literally just opened from Covid regulations. **Please pray for this!**

When we travel, we are looking to accomplish several things: 1) Collecting information about potential dispersed people groups not from the area. 2) Establish local contacts for future visits. 3) Encourage/train local believers (this is huge as many times there is no biblical local church). 4) Evaluate if a group of believer's desires to form a local congregation. 5) Spread the gospel to those native to the area...always looking to Make Disciples.

There's much more information available if you are interested. Please contact me if you would like to discuss this approach to church planting. Also as we travel...we always “sow as we go”, visit churches we have been a part of and set up module training sessions (popular in Asia)... **Please pray for provision** as we set up our next “Assurance of Salvation Conference” among religious leaders of all kinds...hopefully this June.

An Update from ...  
**The Lemon Family**

Missionaries to the “strangers scattered throughout”  
Korea and Beyond

Picture update January-March 2023

**Please Continue to pray for Asian Mission Baptist Church plant and the family commissioned as missionaries to this work with a desire to start other churches as the Lord provides.**

There are a couple young men being trained for future ministry as well.  
Please pray as more structured training is needed.

Some of our favorite people... ❤️

**If you are interested in specifically helping Asian Mission Baptist Church plant please contact me.**

← Inside the church

Outside →

Please pray as they will need a bigger building before monsoon season!!

We are also looking into procuring a piece of land for several reasons and many more ideas.

As missionaries we have 1000's of ideas of which some will filter down to reality in the Lord's will.

Just a few needs...sustainable income... orphanage...training center...all of which need land.
