

The Lemon Family

Dongducheon, South Korea

October - December 2021

Helping people is still needed!

One of the young men of our church (And a friend of our boys), committed suicide by jumping from his apartment bedroom window. This is the number one means of suicide among the youth. He was saved, so we praise God, but makes you ask yourself, "could we have done more!" His family is still not saved, but received the Gospel clearly.

Update Notes!

We were all set to return to Korea as a family, but God had other plans. Only Kristin and I were able to return due to PCR test issues and 1700 flights canceled the week we were set to leave. Unfortunately, we were only able to take care of needed basic logistics. However, it was a real blessing to be quarantined with my bride for 10 days... a time to refreshing that we really needed.

We are unsure of all that the Lord has, but as of now we plan to wait for the government rollout of the "With Covid initiative" set for February. Then the national presidential election in March. After this we are hoping to know more of how to return to Korea and what we will do.

The church folks are all being cared for as needed and are still bring visitors to church. This has been a definite encouragement to us.

We are currently staying in Texas... this temporary address is:

904 N. Virginia St.

Pray for Jonathan

As many know, at 19 years old our children cannot return to Korea as dependants.

He surrendered to preach a few years back so we encouraged him to prayerfully consider gaining a skill/trade that would help in the ministry. **The Lord blessed** and led him to Wisconsin to receive Fire and Rescue training with an emphasis in medical certifications. As with our other children, they were not able to work for pay in Korea due to our visa status. He is doing this all on his own. **He sure would be blessed by a word of encouragement I'm sure...his number is 907-251-8886.**
