Memo: Joe Lemon-Korea

Please Pray:

- Huge cost of travel while on furlough
- See souls saved and people make decisions along the way
- Abigail and Joseph for prayfully deciding their next step of life. They cannot return with us to Korea under our visa!
- Housing situation in Korea...a constant need

FURLOUGH BEGINS!

Furlough is an interesting missionary life event. It is great to be back in America, but it just isn't "home" any more. We do love seeing family and friends and, yes, we enjoy eating at our favorite places once again, but it is a true realization that the ministry is about the people. We do miss our regular "abnormal" life with the Korean people we have grown to love. We still receive notes and messages from these people and we feel like we are missing so much. Then after a year or so we will return to Korea, and our fond memories will then be of the great people we have met along our travels back here. We do sincerely ask that you pray as we make these transitions.

OUR "BEYOND MINISTRY" CONTINUES!

Even though we are gone, there's still much going on over in Asia to reach the Korean people. We do ask that you continue to pray as we still have the open door to send as much literature as possible to unreached Korean people in these restricted areas. There is a constant need...if the Lord should direct you to help with this, please contact me for more details.

SOWING AS WE GO...

As we travel so many people ask what we are doing with our family and travel trailer. It has been a great opportunity to share the gospel with many. I couldn't even tell you how many have received the full, clear plan of salvation in the short time we have been here. People are truly desiring hope all over the world. It is worth our time and reasonable service to preach everywhere God sends all of us.

Thank you all once again for standing by our side through your prayer and support here on the furlough trail,
Joe, Kristin, Abigail, Joseph Jr., Jonathan, Vivian, Joshua, Jonah, and Jesse

Update in Pictures

January-March 2018

This picture update is to show what we have been able to have the children experience while we are back on furlough. On the foreign field they do get many different opportunities, but miss out on “normal” things in America. We are trying to get the children in on as many opportunities while back here. Here are a few pictures.

As much range time as possible

Studying for a “Brothers” preaching opportunity

Quite the hailstorm

Teens running part of a children's program

Roofing Job. Boys finally able to make a few dollars as they cannot work for money in Korea.
