

Service in our home before the restrictions.

Ministry Update!

We are getting prepared to have our first official Sunday service. We have been going out making as many contacts as possible, but it's just been slow with the restrictions. We have been making regular visits each week and are very ready to start inviting people to come to an actual church service. We just received 1,000 of our first invitation cards!! Super Excited!

Outreach Opportunities!

I think everyone has had enough Covid-19 information. We are all ready to move on. I will say that one blessing has been that we have met people on Sunday mornings that we never would have met if we started a church right away. We are tentatively planning to start Emmanuel Baptist Church-Dongducheon on May 10th. Please pray for a building as this virus scare has made meeting in a home even more undesirable. www.ebc2-0.com

Family Update!

There are many important decisions for the two oldest who are back in the States. All seems well, however I'm sure they would appreciate your prayers for their future. Jonathan just finished up high school and is seeking the Lord's direction for his future. He is considering staying here until next year and doing some extra Korean studies while taking some online college classes.

← With not having a permanent address, we opted for a QR coded card so we can change the info online as needed.

This link will lead to a digital media section. Korea is quite high tech, and most will be able to pull this up quickly.

We will have regular invitations made as well.
