

Update Letter

From the Lemon Family

Missionaries to the Korean People and Beyond!

Hello from Korea,

October-December 2017

Back in the States for the holiday season

October was very busy packing our house in Korea in preparation to return on furlough. We were just able to make it back for Thanksgiving. It sure was a blessing to be with family in the States for the first time in many years.

Last update letter we had the pleasure of reporting that our oldest son Joseph had surrendered to missions. Upon our return, in the first church we were in, our second son Jonathan surrendered to preach. We have always tried to be very careful to not push them, so we are grateful to see them making decisions on their own.

Our "Beyond Ministry"

With all of Korea so popular in the news today, people have asked many questions. I won't comment here on the political climate or what is "really" going on there, but I will say that God has opened many doors. Please pray as we are in need of funds for the yearly rent of a new church work in a restricted access country. This work is reaching displaced Korean people in a great way. Also, we can currently send across the border as much printed material as we can purchase. This is a current opportunity that will not last forever. Please let me know if you feel the Lord would have you be a part of this.

Our return to America

As of December, we are officially back in the States on furlough. We will be reporting to our supporting churches as well as raising needed support. Please let me know if you would like for us to come, as our schedule is filling quickly. Please also pray as we will be transitioning our two oldest back to stay. They can no longer return to Korea under our visa. Also, please note our support address change letter attached.

Thank you all once again for standing by our side through your prayer and support for us here in Korea and beyond,
Joe, Kristin, Abigail, Joseph Jr., Jonathan, Vivian, Joshua, Jonah, and Jesse
